Booster Set HWW 1300/50 Plus TLS

QTY/ pal:

QTY/ CTN 40' HQ:

short description:

This special booster set in a high class performance is distinguished by a very powerful jet pump with high-grade steel pump housing and a large 50 l steel tank. The food-proof membrane made of EPDM is best suitable for transport of drinking water. Beside this it has a very wide application area: automatic domestic water supply from wells and cisterns, garden watering and automated irrigation, ideally suited for pressure boosting. The included anti dry running feature completes the highly requirements.

technical data:

Performance:	1200 Watt
Voltage / frequency:	230 V / 50 Hz
Flow rate max.:	4200 L/h
Delivery height max.:	50 m / 5,0 bar
Self-priming height max.:	9 m
Pressure port:	1" female
Suction port:	1" female
Pump housing:	high-grade steel
Pressure tank:	50 L / steel
Power cord:	1,5 m / H05RN-F
Temperature fluid max.:	35° C

technique:

Unattended condenser motor including thermo-overload protection.
 Pump housing: stainless steel, high gloss polished,
 50 L pressure tank including diaphragm (food safe)
 Hydraulic control unit: Noryl and anti dry-running feature

certifications:
